BROKER PARTNER TEARSHEET

Lending Criteria at a Glance

Bridgepoint Lending is a private lender for real estate investors. We finance **business-purpose, non-owner-occupied** investment property only, and we close in the borrower's LLC or corporation. We price every scenario individually, so you get a real quote, not a rate sheet that's out of date by lunch.

Fix & Flip: leverage by experience

Completed projects, last 36 months	Max LTC	Max ARV	Min credit
0 (first-time flipper)	90%	75%	680
1 – 2	90%	75%	660
3 – 6	92.5%	75%	660
7+	95%	75%	700

- Rehab funded up to 100% through draws
- Heavy or structural rehab (gut, addition, conversion) needs 2+ completed projects
- SFR, townhome, condo, 2–4 units; 5+ units from $250k
- Refinance: rate/term at purchase terms; cash-out needs 700+, up to 78% of cost
- Owned 10+ months can be sized on today's value

Ground-Up Construction: leverage by completed builds

Ground-up builds, last 36 months	Max LTC	Max of completed value	Min credit
1 build	85%	65%	700
2 – 3	90%	70%	660
4 – 6	93%	72.5%	660
7+	95%	75%	660

SFR, townhome and 2–4 units. No condos, 5+ units, mid-construction projects or cash-out. Land advance at closing is typically 65–75% of land value. Leverage drops 5–7 points when land is 15%+ of completed value. First-time builders: limited options, US citizens with 650+ credit at a higher rate. Send it over and we'll tell you.
